

Banking House of Cronise & Co.

No. 40 South Third Street,

Philadelphia, October 31st, 1857.

We annex rates for **SPECIE**, payable respectively in "specie," or in "current funds." If proceeds are desired in specie, they can be had by **RETURN EXPRESS**, without the usual (and increasing) delay of the mint. Our rates for **SPECIE** Credit will be found in leading items, as much as 2 per cent. above those of New York, and certainly as advantageous as any other.

We will furnish new Silver at present for Gold at par. Silver or Gold for New York funds at one per cent. premium; for Boston exchange at $1\frac{1}{2}$ per cent. premium; and for Philadelphia funds, at $4\frac{1}{2}$ to 5.—These rates are not likely to advance, and if at any time lower rates are current, we will be governed accordingly.

Special attention will be given to **COLLECTIONS**, and proceeds **REMITTED BY RETURN EXPRESS**, in **COIN**, or as may be desired.

Quotations for uncurrent Bank Notes will be sent correspondents as soon as exchanges South and West become somewhat better regulated: at present, we quote Exchange on Baltimore, 4 to 5 per cent. discount; Richmond, 7 and 8; Pittsburgh, 3; and Cincinnati, 5 per cent. discount.

**We refer to the Banks
and Brokers of this city.**
